- [R] Tragedy: At age 2 the character almost dies from a disease. He is healed by the local peonian priest and from then on Peonian priests refer to him as "blessed".
- [N] Religious Event: At age 9 the character learns how to read Runic from a Save-K'norian priest. He also learns to speak it (Kuzdun)
- [R] Religious Event: At age 12 he is initiated into the Halean church. He chooses to ask 10 questions and have them answered.
- [L] Gift: Your father gives you a gift. It is a tiny set of metal rods, each with a different design on their tip. Each rod is no longer than the length of your palm, and smaller than two fingers thick. The grips are made of a smooth metal that warms to the touch. There is engraviture in cyrillic (written English) that reads "Mastercraft Guaranteed for life" along the edge of each black grip. The rods fit neatly into their own case which seems to be made of the same stuff as the grips, although it is black on the outside and shiny within.

Adolescent Events: (Age 12-16)

- [L] Your uncle sends you to Coranan at age 12 to live with your cousins. There you begin studying magic. You also recieve formalized training in Mathematics, Alchemy and Metalcrafting.
- [L] During your training you learn the art of sculping as well.
- [L] You are given a gift of a sculpted Mastif's head (slightly larger than your fist). It is exquisite in detail.
